

NEW BUDGET WORK STARTS MARCH 1

Board of Estimate Adopts Hylan Plan That Takes Job From Comptroller Craig.

Mayor Hylan's plan to begin the making of the 1922 budget immediately was adopted to-day by the Board of Estimate. Secretary Joseph Haig of the Board of Estimate was instructed to begin a survey of the city departments and to confer with department heads on economy plans. The report of Secretary Haig will be ready for the board on March 1 and supplementary reports will be made about once a month thereafter up to the time of actual preparation of the budget.

The Mayor's resolution has the effect of removing Comptroller Craig from control of preparation of the budget and puts the job in the hands of the full Board of Estimate and Apportionment of which the Mayor is Chairman.

OPPOSES CUT FOR TEACHERS

Gov. Miller Would Make Present Salary Standard Permanent.

ALBANY, Jan. 14.—To effect economy in State expenditures by discontinuing the salary increases granted to the school teachers last year would be taking a backward step in public education, announced Gov. Miller to-day. He said that while he had not had any conference with the legislative leaders on the subject, he assumed the Legislature would continue the 1920 increase.

"I am in favor of retaining the present standard and of making it permanent," he explained.

U. S. CELL APPEALS TO EMMA GOLDMAN

American Out of Russia Declares Anarchist Would Be Good Citizen Now.

BERLIN, Jan. 14 (By Associated Press).—Emma Goldman told me in Russia that she would rather be in jail in the United States than free in Soviet Russia," says M. Schwartz of San Francisco, recently released from a Moscow prison.

"She was one of the first persons I saw in Petrograd when I arrived there last spring," Mr. Schwartz continued. "My wife and I had known her in America. We found her and Alexander Berkman in a hotel. Emma was cooking her dinner and asked us to eat with her."

"Berkman was wearing a sword. I asked him what he was doing with that on, and he explained that he was travelling about Russia with a crowd of propagandists. I had not much doubt after I had talked with Emma she would be a good citizen if the United States would let her go back and she could get away from the Bolsheviks."

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes, sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast; continue this for two or three days. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia water drink, which quickly relieves bladder trouble.—Adv.

PERSONAL— But Not Confidential

This Is Letter Number Thirteen of a Series Written to All of You About a Matter Which Is Vital to Your Success.

If You Missed Any of the Previous Letters and Would Like to Have Copies, I Will Mail Them to You.

(This picture of Benjamin Franklin was copyrighted in 1917 by the Associated Advertising Clubs of the World—all rights reserved—but permission was granted to use it in this letter.)

It seems to be assured that from now on, beginning this year 1921, our country will observe every year

A NATIONAL THRIFT WEEK

scheduled to start always on January 17th, Benjamin Franklin's birthday.

Don't you think it is about time that we did decide to observe a NATIONAL THRIFT WEEK in honor of Benjamin Franklin?

You know he started to work at the age of 15 and worked for more than 69 years thereafter. He died in 1790 at the age of 84 years 3 months.

While he was always thrifty he was never stingy or selfish. Nobody need be stingy or selfish to practise thrift intelligently and profitably.

Benjamin Franklin's career never suffered because he was careful with money.

He made a great name for himself as printer, publisher, statesman, diplomat, philosopher, scientist, journalist, economist, philanthropist and humorist.

If Benjamin Franklin knew what was going on in this country to-day he would be very proud, even though it has taken 131 years to make us realize the necessity of learning the great lesson of Thrift as he practised it.

The following proclamation on Thrift by Governor Miller is repeated here because it is an important message to all of us:

PROCLAMATION:

THRIFT WEEK—STATE OF NEW YORK.

Executive Chamber.

WHEREAS, January Seventeenth is the birthday of Benjamin Franklin, a name associated with eminent services to the American people, and whose fame, in large measure, rests on his contributions to the philosophy of life and the virtues of Thrift, in recognition of his influence in those directions, the Seventeenth of January has been selected as the initial day in a week devoted to education in the duties of wise saving and wise spending, which are the essence of Thrift; and

WHEREAS, There is need to emphasize the many distinct forms of Thrift, in the economic program for THRIFT WEEK, the Young Men's Christian Association, the Benjamin Franklin Memorial Committee, and numerous co-operating organizations, have designated Monday, January Seventeenth, as National Thrift Day, or Bank Day; Tuesday, January Eighteenth, Budget Day; Wednesday, January Nineteenth, National Life Insurance Day; Thursday, January Twentieth, Own-Your-Own-Home Day; Friday, January Twenty-first, Make-A-Will Day; Saturday, January Twenty-second, Pay-Your-Bills-Promptly Day; Sunday, January Twenty-third, Share-With-Others Day, each day being dedicated to a special application of the Thrift idea; and

WHEREAS, Private Thrift and public economy are intimately related, individual Thrift being the basis of public economy and affording the inspiration of a prudent expenditure of public funds, a subject of growing importance,

NOW, THEREFORE, I, NATHAN L. MILLER, GOVERNOR OF THE STATE OF NEW YORK, recommend that the week beginning January Seventeenth and ending January Twenty-third, be devoted in a special manner in the press, in the schools, educational associations, commercial organizations and industrial plants of this State, to the earnest inculcation of the sound virtues of individual Thrift and public economy.

Given under my hand and the privy seal of the State, at the Capital in the City of Albany, this Tenth day of January, in the Year of Our Lord One Thousand Nine Hundred and Twenty-one.

(Signed) NATHAN L. MILLER

By the Governor,

W. WARD SMITH,

Secretary to the Governor.
